

## **MOWR – Stilwell Daily Procedures**

1. Students participating in MOWR courses should not report to the Stilwell campus until their class period begins.
  - a. For example, if your course begins at noon (5<sup>th</sup> or 6<sup>th</sup> period) you should arrive at Stilwell for classes the appointed class time.
  - b. Your classroom teacher will take your attendance.
  - c. Do not report to the media center or any other teacher classroom if it is not in your Stilwell schedule.
2. Transportation to and from Clayton State or any other MOWR site is the responsibility of the student/parent.
3. Remember to stay in touch with your Senior Class sponsor to receive updates for Senior Class activities.
4. A MOWR application (on Georgia Futures) must be completed for each semester of MOWR courses in order for the state approvals to be finalized.
  - a. An advisement session for Spring is required along with the signed MOWR Spring application.
5. DO NOT deviate from the Advisement form completed by your Stilwell counselor – an updated MOWR Advisement form is required to ensure your MOWR classes are approved.
6. DO NOT over extend yourself – you are only a high school senior once (if all goes well).
